THE STEEL FLOATING DOCK.

Washington, April 18.—The navy department will probably bid for the seed thoating dock at Havana If it is but on sale at auquion by the Spanish authorities. After the ownership of the dock was conceded to the Spanish authorities. After the ownership of the dock was conceded to the Spanish government on the ground that it was a movable of feet, the authorities here offered \$515,000 for it. The offer has now been reported, and the report that case a rejection of the \$215,000 preparation.

The need of the dock is somewhat offset by the recent powerment purchase of a small floating dock at New York capable of docsing a 2,500 ton vessel and also by the building of a large dock at Algiers, near New Orleans. The small dosk, now at New York, will be towed to Pensoriol at an early day, so that, with the Algiers, dock, the aary department will have two docks revailable on the guit.

U. S. PAINT is not a cheap substitute for White Lead, but a mixture of Carbonate of Lead and O. S. PAINT is not a cneap substitute for writte Lead, but a mixture of Carbonate of Lead and Zinc combined with pure Linseed Oil on such a scientific principle as to produce a Paint that will resist the action of the elements and furnish a more durable coating than is possible to attain with Paint combined by the old style of mixing by hand. Full weight; full measure; every gallon guaranteed. One gallon will cover 300 square feet two coats.
